Working Capital

The Company's is pleased to advise it has secured a new convertible loan

facility of HK\$12,00,000 (Hong Kong dollars) from a Hong Kong based fund syndicate subject to the new board appointments and there are no outstanding regulatory issues. Should the loan be converted to common shares it will be at 2.00 UK pence per share with a full warrant. The Conversion can only be conducted by board resolution and that it does not impact on the listing rule requirements of 25% share holding in the European economic area countries.
